4.	<p>Principal Report</p> <ul style="list-style-type: none"> a. School Improvement and Equity Plan - Literacy focus K. Gordon reported the schools literacy focus is on students comprehension for reading. SK-Grade 2 students have received an early ID letter and the results from the early reading screener (ERS). All students from SK-2 complete these at least twice a year. This is not connected directly to the cirriculum but is one rating metric. Acadiance is the screening tool used with TVDSB. b. Safe and Inclusive School Plan Update – The Power Conference is part of the Safe and Inclusive School Plan (gr. 7/8). c. A. Kublinksi shared that 4 students in grades 6-7 attended a Power Conference. Students were nominated from their teachers to attend. It was a day of workshops and learning who they are as individuals and self advocacy. d. Current and Upcoming Events – An update was shared on division work, concerts, holiday drives. e. K. Gordon shared an update on the primary forest activities and school learning. The ratio for the forest school is 1 Adult:4 Students. This program requires a lot of volunteeers. Ms. Frederick secured students from King's College to assist with this program (Child and Youth Studies program). It was noted when information is sent via newsblasts families can be copy and pasted into google translate which may assist with communication.</p> <p>It was shared that parents have indicated they are not able to cancel an order if they were unable to pay online. Cash is an option for families if needed Jenna noted additional volunteers could be helpful but she is also reviewing the current system and looking to make some improvements.</p> <p>Discussion considered using a translation service for newsletters. It was noted there is a fee and a specific board vendor that would need to be used. Most material is shared electronically which allows families to use translation tools on their phone or browser. B.
