

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy with an equity lens.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone using common “Speak Up” language.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on developing healthy relationships with; self, peers and staff.

We are doing this to increase positive interactions and create an environment of respecting diversity where a sense of belonging will be enhanced to improve overall academic achievement.

Throughout the year, we will :

1. Provide opportunities for students to take a leadership role in sharing conflict resolution strategies and teaching peers self regulation skills.
2. Build capacity and knowledge with staff through workshops, presentations, and in-service sessions on social emotional and self regulation learning skills.
3. Recognize positive acts that contribute to healthy relationships in school (virtual/face to face), in the community, and with social media.

Community/Home Connections

Ask your child about how they successfully solved a problem today.

Have your child teach you a self regulation skill they learned today.

Check out this resource [Mental Health and Wellbeing](#) as supporting mental health and well-being is essential for developing healthy relationships and academic success.
